Li Wung Kai
Principal

From Principal

Being blessed by God Jesus for seventy years, SCS has overcome challenges and now comes new opportunities and hope. In response to the needs and changes in education, our school continues to nurture students with "LOVE" and places greater emphasis on their development in bilingualism and trilingualism. Starting from Primary One, we develop a dual-track curriculum in Chinese and English, enabling students to have an international perspective and connect with the world.

Moving up St. Charles

The world is changing rapidly, and we are keeping pace with it. The school conducted four Move Up! St. Charles activities during June and July, allowing students to 'Moving Up' helping parents better understand campus life and the school's development direction.

70th Anniversary Events

To celebrate the school's 70th birthday, the school held different celebration activities and competitions to allow Charlesians to celebrate, express gratitude together, and carry on the spirit of St Charles.

Transition from kindergarten to primary school

Primary 1 Dual Class-Teachers

The dual class- teacher system enhances communication and support among teachers, students and parents.

Tutorial classes/ After-school tutoring class

There are tutorial classes every day and teachers will guide students to complete their homework, allowing students to go home with 0(zero) homework. The school also provides free after-school tutoring classes to provide students with support for learning and growth.

P1 Assessment

Zero Examinations. There are no examinations throughout the year. They are replaced by a diversified progressive assessment system.

Thematic Learning

Thematic teaching is integrated across various subjects, allowing students to transition smoothly and apply what they learn in school to their everyday lives.

Primary 1 Growth Ceremony

The annual Primary One Growth Ceremony is held in November, with parents cordially invited, to celebrate the completion of their children's initial stage of learning and life in primary school so that parents can witness the growth of their children.

Life-wide Learning Activities

Through the flexible use of community resources and the development of life-wide learning activities in time, place and people, the learning space is expanded beyond the classroom, allowing students to gain experiences that are difficult to achieve within a traditional classroom setting. Through practical experience, students can more effectively develop problem-solving skills in daily life, realize the goal of whole-person development and foster lifelong learning skills.

Stress Relief Activities

Visit Hong Kong Museum of History

Basketball Competition

Jump Rope Fun Day

Visit Hong Kong Space Museum

English Language Activities- Interviewing Visitors

STEM DAY RoboMaster Championship

Evangelism Activities

Trip to Ocean Park

Visit the Maritime Museum

Career Experiential Career Planning Programme

Students from P4 to P6 participated in career experiential activities during the summer holidays to learn more about the work of different industries.

Summer Finnish Wooden Chess Class

As long as the pieces that hit the wood fall down and the numbers add up to 50 points to win the game, the athletes not only have to calculate their scores, but also require accuracy and hand-eye coordination. It's really a great unlocking of skills!

'Learning beyond Class with the Principal' - Fun Jogging in the Park

At places like the Greenhouse, Bird-watching area, and the Flagstaff House Museum of Tea Ware in Hong Kong Park, you can hear students eagerly sharing their thoughts. It seems that the saying "Reading a thousand books is not as beneficial as traveling a thousand miles" is indeed true.

Graduation Ceremony

The 70th graduation ceremony concluded successfully amidst joy and tears. The memories from the past six years will always remain in the hearts of the graduates, teachers, and parents. As the graduates continue to evolve into their secondary school lives, these cherished moments will accompany them on their journeys.

School Year End Ceremony

In the past year, students have performed well in various areas such as academic achievements, moral characters, multiple intelligences, services, etc.

Through this ceremony, their hard work and achievements in all aspects are recognized.

Secondary School Places Allocation

In this year's secondary school places allocation, there are 25 boys and 21 girls graduating, with 43% of them enrolling in EMI (English as a Medium of Instruction) secondary schools.

Queen's College, King's College, Belilios Public School, St Stephen's Girls' College, Ying Wah Girls' School, St. Clare's Girls' School, Raimondi College, St Louis School, Hong Kong True College, Sacred Heart Canossian College

*The above schools are ranked in no particular order
